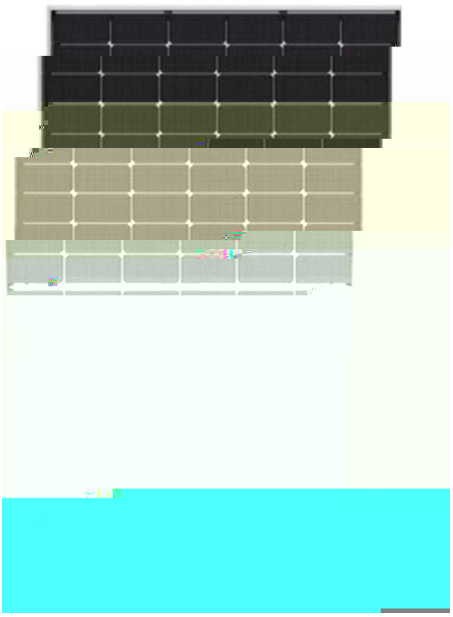
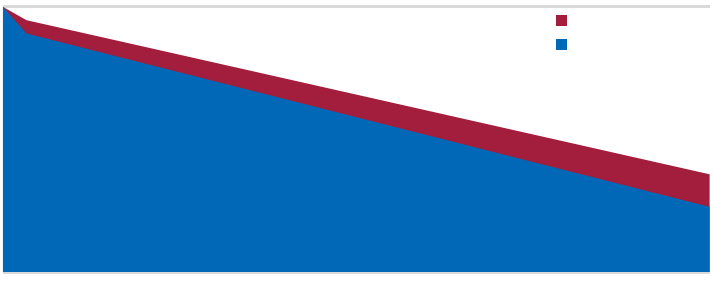
N-type monocrystalline high-efficiency bifacial double glass module



up to 22.5%.



Mechanical Parameters

Cell type	N-type Monocrystalline solar cells
Number of half cell	96 (6×16)
Dimensions	1762×1134×30mm
Weight	20.9kg
Front glass	1.6mm anti-reflective coating glass
Back glass	1.6mm Heat-strengthened glass
Frame	Anodized aluminum alloy
Junction box	IP68
Output cable	4mm² or customised
Packaging configuration	1778×1140×1250mm
